Blocks Recovering 'Nicely' As Contributions Continue To Help

Funds for the aid of the Vernon Block family were still being received this week by members of the L.G. Co-ordinating Council, it was announced Wednesday by Mrs. Stanley Yanchul and Mrs. Betty Ruiz, co-chairmen of the Block Disaster Fund.

The Blocks, all five of them, were injured in an auto wreck and explosion March 3 near Hemet. Their home is 2305 Washington ave., Lemon Grove. All members were taken to the Hemet Community hospital where four of the five remain. All are recovering "slowly but nicely" barring unforeseen complications.

John Jensen, past president of the Co-ordinating Council appointed Mrs. Ruiz and Mrs. Yanchul to head up the project.

INSURANCE TO AID BLOCKS

Jim Boyd, insurance representative for the firm carrying the policy for the Blocks, said that his firm's investigator had learned Tuesday that the driver of the car which crashed head-on into Block's car was insured.

"It appears that the Blocks will have much of their costs covered," Boyd said.

After several neighbors and friends of the family wanted to help relieve the burden. This way he appointed Dr. Jordan Detzer, pastor of the L.G. Methodist church to aid the committee.

Ambulance \$200
The ambulance cost alone was \$200. It is estimated that the hospital bills will run about \$100 a day for the family. Meanwhile home expenses run on and neither Mr. nor Mrs. Block will be able to do for themselves for a while after they come home.

Laura, 4, the youngest, is out of the hospital and staying with Lemon Grove neighbors. Natalie, 13 and Richard 11, both suffered broken legs and are in traction.

Mrs. Ruiz requests that friends of Natalie's send her Green stamps to give her a project. Communications addressed to her at the Hemet Community Hospital, Hemet, California will do the trick.

Two wheel chairs have been acquired from local service clubs, and another from Block's brother, so that there will be some degree of mobility for the rest of the family members as they return home.

\$111.05 Given at Schools
The Palm Junior high school where Natalie goes, had a coin-toss for her and students and teachers pitched a total of \$111.05 onto a stretcher for her.

An envelope containing \$25 was mailed to this office for the Blocks and there was no name on the inside or out. A handwritten note read "God Bless the Blocks." It was turned over to the committee.

The committee said that a decision on publishing names of donors would not be reached until after the Blocks return home and acquiesce. A total of the funds will be published, in any event.

Contributions Made In Their Names To 'Angels Unaware' Retarded Childrens Center

A small avalanche of new subscribers flowed through this office last week as the circulation campaign by which contributions will be made to the area's retarded childrens program picked up speed.

A list of fifty families, added to the ten with which the campaign commenced the week before, brings the total circulation of the Lemon Grove Review to 4,974.

Angels Unaware is the East

County day center for the East Chapter of the San Diego County Association for Retarded Children.

Funds from a portion of each new subscriber's payment is made to the center in the subscriber's name. These funds are set aside for the purchase of playground equipment for the center which is at 1374 E. Lexington ave., in El Cajon.

A dentist who lives in Lemon Grove, Dr. George Holland, is

president of Angels Unaware. Dr. Jordan Detzer, pastor of the Lemon Grove Methodist church is the center's chaplain.

While the Lemon Grove campaign is beginning to hit a good stride, the Spring Valley project for the sister newspaper (this firm publishes both the L.G. Review and the S.V. Bulletin) is reaching its finale.

There were six S.V. families to be put on the list this week

bringing that total to 4,189. A portion of the funds collected here are turned over to the Spring Valley Welfare Assn. to aid needy families in the Spring Valley area.

In Lemon Grove, the fifty new family of readers are:

Berger polled 486 votes, Chapman 468, and Bridgeman 133.

Chapman and Berger in separate statements said about the same thing. They agreed that the cost of water service would be reduced on a continuing basis wherever reductions were possible.

Both have been working on a plan to consolidate service provided by personnel of the La Presa and the Otay districts. Otay is the parent organization of La Presa.

Chapman was recently re-elected to the Otay Water District for a 4 year term.

Both men were re-elected to La Presa for 4 year terms.

The school held the drive last Friday. This week, a similar drive is being staged at the Golden Ave. elementary school. HOW TO WIN ON THE RACES — You can turn a nice profit on the ponies nowadays say Edgar and Arnie Taylor of 7680 Circle dr., Lemon Grove.

Their \$2 bet in Caliente's 5-10 paid them \$24,993.80 Saturday. Race track officials paid them \$993.80 in cash and gave them a check for \$24,000.

Ed, 59, a retired Marine who works at Naval Supply Center in Federal Civil Service, and his wife, Arnie, 48, said the first thing they were doing is "paying off Uncle Sam and Pat Brown."

"Next," said Mrs. Taylor, "we're going to pay off the mortgage on our house and then we're going to have a reunion with our boy and girl and our grandchildren."

The daughter lives in Florida; the son in N. California. Actually, the first thing they did was to buy a brand new white Cadillac Monday morning. This was only after they had been host to practically everybody at Pal's Cafe, Sunday where they spend their recreational time.

"In a few years I'm going to retire again and travel," Ed said. "Now we can afford it."

Pancake Festival Draws Record Turnout

More than 1800 hot-cake fans traipsed through the doors of the Lemon Grove junior high school Saturday to set a record in attendance in the L.G. Kiwanis sixth annual pancake festival.

Jack Durham, club president, couldn't estimate just how many pancakes were consumed but the total was "greater than ever before."

About 80 Kiwanis, their Ki-

wanians, and Key Club members served the record turnout Saturday. Receipts will total more than \$1,500, Durham estimated but the exact total will not be known until various clubs, selling tickets, make their returns.

During the Pancake day, many of the Kiwanians worked 6 a.m. to 8 p.m. shifts. Stan Rogers and President Durham were among those putting in the un-Union type day.

Ken Conrad, publicity chairman said that Aunt Jemima, representing the firm providing the pancake mix, attracted favorable attention with her singing.

Short Does \$3,000 Damage To Ensenada St. Gas and Electric Co. Equipment March 25

About \$3,000 damage occurred to a Gas and Electric Co. installation at the rear of 1984 Ensenada on March 25 at about 4 in the morning, according to Capt. Mark Foote.

Electricity was cut off for about four hours in the neighborhood. Capt. Foote said that a transformer on a high tension wire pole shorted out, causing debris to fall on brush below. The department received about a dozen calls in a short period as about 100 square feet of thick brush went up in flames.

The firemen arrived in time to prevent the fire from doing any damage.

Cause is unknown of a fire that burned out three trash barrels at the rear of All-American Upholstery, 7761 Broadway at 10 p.m. on March 20. The wall was slightly scorched.

The L.G. Fire Department answered a first-aid call at Massachusetts and Broadway at 8:39 a.m. on March 25. Ray F. Mills, a resident of 7150 Broadway had collapsed from possibly a light stroke. Capt. Foote said administering of oxygen improved Mills' condition and that he returned home.

Public Should Own Buses Transit Exec. Tells Club

Jim Reading, public relations executive for San Diego Rapid Transit System told the Lemon Grove Men's Club Friday that citizens should support enabling legislation by which citizens would own and operate the transportation facility because they "would get a better break from other government agencies."

He said the 2 per cent franchise tax which was to pay for stringing overhead wire and plating steel rails in the street is still required on the firm's \$6 million dollar annual gross although the firm has no wires or rails.

Under this and other immu-

table government rulings, the firm made \$130,000 profit last year . . . not enough to encourage expansion.

"In the future the firm will have to cut back very drastically if tax pressures are not eased and if patronage continued to fall," Reading said.

He suggested that a transit district could be formed and the district could buy the firm's stock. "The value of some firms is based on its annual revenue (\$6 million) as a rule of thumb," he said.

In other matters, the Men's Club installed Jack Cummings

as president replacing Jim Spears who resigned due to the pressure of business; John Dail as vice president and Ed Burt as program chairman.

Neil Good, a Life Scout, will tell the Men's Club Friday how America's youth stays healthier and stronger through scouting, Burt said.

Neil, 15 year old, is a member of Explorer Post 333, L.G. Methodist church.

The club meets every Friday at noon at Michael's to hear matters affecting the local community. The group meets informally without a dues or initiation fees structure. All men are invited.

"CONFRONTED"

In the journey through life, even the Christian is confronted with temptation. The enemy of our souls will place every temptation before us with the thought in mind of getting us to fall. Do not expect a journey through life without trouble. In temptation, look to Christ.

Freedom From Materiality Is C.S. Subject For Sunday

Freedom from materiality, bondage of any sort, will be emphasized at Christian Science church services Sunday.

Highlighting the Scriptural selections from the Lesson-Sermon on the subject "Reality" will be this passage: "The night is far spent, the day is at hand; let us therefore cast off the works of darkness, and let us put on the armour of light" (Rom. 13:12).

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this citation will be read: "Perfection undelies reality. Without perfection, nothing is wholly real. All things will continue to disappear, until perfection appears and reality is reached" (p. 353).

S.V. JUNIOR HIGH GIRLS, TEACHER JOIN 50-MILE HIKE CLUB: OR—HOW TO GET FIT BY WEARING OUT FEET

Five Spring Valley Junior High School girls and their P.E. instructor, Katherine Vincent joined the exclusive national club known as "The 50-Mile Hikers" over the past weekend.

Miss Vincent, who has taught with the La Mesa-Spring Valley School District for four years and is in her second year at the junior high, said:

"This feat by the girls is one of the greatest examples of heart I've ever witnessed."

Sandy Rowin, Beyda Shelton, Paulette Horner, Barb Paine, Cathy Thornton and Sheryl Martin departed with Miss Vincent from the school at 4:30 a.m. Saturday morning. By the time 24 hours and 45 minutes had passed, they had hiked to Barrett Junction and back.

"One girl was shuffling, not walking the last stretch. Another was suffering with 14 blisters on her feet by the time we got back," Miss Vincent pointed out.

Emphasis was not on speed but on going the distance. The group hiked all night along Campo rd. About eight miles along the way it was raining. Quite a few cars slowed down and people shouted encouragement or kidded the group, Miss Vincent said.

But the most meaningful aspect of the 50-mile hike by the youngsters and their teacher, Miss Vincent pointed out was what she termed teamwork or esprit de corps. "For example," she said, "We told stories to each other most of the way. Some were science fiction. Some required a number of miles to tell. This more than anything kept us going and helped us finish."

A dog joined them during the last 20 miles. He stuck close, wouldn't be shoed away. Now he belongs to Paulette Horner.

"We've received a lot of admiration," Miss Vincent said. "But most people said they wouldn't have wanted to be in our shoes — getting blisters."

Donovan Introduces Welfare Reform Bills In Assembly

SACRAMENTO (SPCL) — Mar. 27—State Assemblyman Richard J. Donovan said today that he is introducing Wednesday a sweeping series of welfare reform measures designed "to curb the frauds, freeloading and chiselers who are riding on the backs of the already overburdened taxpayers." Donovan explained that while his measures would not deny the legitimately needy whatever assistance their circumstances require, the bills would give a District Attorney the additional tools he needs to investigate and prosecute these frauds who are siphoning taxpayers' dollars, sometimes in sums of thousands, from the welfare program.

Donovan has been in close consultation with District Attorney Don Keller of San Diego, an arch enemy of the welfare chiselers, who has exposed and prosecuted a series of welfare fraud cases over the last several years in an effort to rid the welfare rolls of chiselers.

Donovan detailed the contents of his reforms, asserting his bills would:

1. Repeal certain sections of the Welfare and Institutions Code to permit district attorneys to prosecute cases of fraud and misrepresentation by welfare recipients as felonies instead of misdemeanors where grand theft is involved.
2. Eliminate the provision preventing district attorneys from instituting child support proceedings in court except when requested by county welfare departments.
3. Require the remaining parent or caretaker of a child receiving assistance under the Aid to Needy Children program to offer reasonable assistance to law enforcement officials charged with enforcing the obli-

aid as it wished. These people survived and provided some of the strong moral fibre without which the republic would have long since succumbed to complete socialistic pressures.

One other way of looking at it is that thousands of families are being swept into socialistic programs because they can't earn enough swindle income to meet their needs. A major reason for this condition is that a good whack of what they earn is taken from them to support government's socialistic programs.

Congratulations To No. 39,674

We are intrigued, in a perverse way, by a communication from one of our dedicated subscribers.

He makes up what you might call a "captive audience" in that he has the address of one of our more noted penal institutions.

Many months ago the commissary clerk at the U.S. Penitentiary at Terre Haute, Ind. ordered this newspaper for inmate number 19087.

This week, another communication came from the parent organization that number 19,087 had been transferred to the Federal Correction Institute at La Tuna, Texas and our reader's number had been changed to 39,674... a promotion, as it were.

We haven't the vaguest idea who number 39,674 is, or indeed whether it is a he or a she. A mental rundown of some of our acquaintances who perhaps should be in reveals that the long arm of the law has yet to make contact.

To avoid slighting him, we send congratulations to faithful of reader number 39,674 on the change in his status... just as we do others of our subscribers as they have babies, anniversaries, get promotions or change their address.

In Baseball Leading Griffins

Grossmont College is leading the Eastern Conference League in baseball with a 6-0 record. The latest victory was over Fullerton Junior College at Fullerton Saturday when the Griffins baseballers took a doubleheader 7-2 and 10-0.

Second places in the ECL are Orange Coast, Mt. San Antonio and Fullerton.

This Saturday Grossmont will play Chaffee Junior College at Wells Park in El Cajon. Grossmont has an overall record of 8-3.

Steel production in the U.S. in 1962 was 98.3 million tons, up slightly from the previous year. Record production, in 1955, was 117 million tons.

Bank To Make Education Loans To Students Here

Jack W. Koop, vice president and manager of the Lemon Grove Branch of First National Bank said that the bank is now participating in United Student Aid Funds, Inc., a national student loan program.

In an attempt to provide needy S.D. State students the opportunity to complete their education and to continue providing the community with full-service banking, First National has adopted this long-term, low-cost program.

The loans will be markedly different in concept from the ordinary installment loans. The bank will make loans based primarily on good character and academic promise rather than on credit standing or collateral. This means that First National and the USA Funds will be giving primary weight to the future earning capacity of the student borrower.

A qualified student may borrow up to \$1,000 a year—or a combined total of \$3,000 for his undergraduate or graduate education. Sophomores and above are eligible. Repayment begins five months after the student leaves school with monthly installments spread over three years at 6% interest.

Interested students should contact the student loan officer at San Diego State College, Mr. Alan Mishne, Assistant to the Dean of Students, Room 224, Administration Building.

MATADOR SWIM TEAM HAVING BEST SEASON

The Mt. Miguel swimming team, having gained prominence as well as experience during its four-year period of existence this season is making its best record.

On Monday afternoon of this week at Carman Ranch Club in Spring Valley the Matador swimmers defeated San Diego High School 76-19, bringing the season's standing to four straight wins. No league meets have been held yet.

Returning lettermen Tom Langpap, Mike Cosby and Lance Witt have continued to excel in the free-style department. Freshman Roy Lehton is ascending into recognition. Mike Tretmen and Stan Szuch are vying for category of the Matador top breast-stroker. Stan's freshman brother, Bill also is showing promise.

Supporting the diving event are returning lettermen Jimbo Stevens, Danny Hacker and Everett De Roche along with a newcomer, Skip Berry from Clairmont.

"The team is doing real good," remarked Coach Roger Moreau, "but they have not yet reached their potential."

Coach Moreau went on to say that this year's team has broken (in just four meets) all previously existing school records.

WATTS ON DESTROYER ON AFRICA VISIT

USS JOSEPH K. HAUSSTG (FHTNC) — William E. Watts, interior communications electrician fireman apprentice, USN, son of Mr. and Mrs. Verne G. Watts of 8714 Noeline, S.V., is serving aboard the destroyer escort USS Taussig, one of three ships participating in a goodwill visit to Africa.

The goodwill task force, composed of Taussig, the dock landing ship USS Spiegel Grove and the destroyer escort USS Van Vorhis, is headed by Rear Adm. J. A. Tyree, Jr., Commander of the South Atlantic Force, Atlantic Fleet.

After searching McHenry's pockets and finding nothing they fled on foot. McHenry had hidden the receipts inside the store. He provided sheriff's deputies with descriptions of the assailants.

American Cancer Society volunteers will be stationed at all participating lanes to give out entry blanks and accept entrance fees.

Mrs. Richard Freedman, who is president of the Gold-Digger's League and lives at 8479 Seraf pl., S.V. is heading the drive at Golden Bowl.

ROBBERS BEAT C'do LIQUOR STORE OPERATOR; MISS CASH

Two men beat Harvey McHenry, 67, a clerk at the Homeland Liquor store Friday in an attempt to rob him of the day's receipts but got nothing for their trouble.

The men grabbed McHenry shortly after he closed the store for the night and beat him with an instrument resembling a blackjack. The beating took place at the rear of the store as McHenry turned the corner to go home.

After searching McHenry's pockets and finding nothing they fled on foot. McHenry had hidden the receipts inside the store. He provided sheriff's deputies with descriptions of the assailants.

Pool Game Brings Trouble

John D. Kirby reported that he was assaulted by two bar patrons at the Sunkist Inn Friday evening. He told Sheriff's Deputies that he was knocked unconscious and beaten because he had been more successful playing pool than his assailants. Sheriff's Deputies are questioning the suspects and witnesses.

Doors Taken From Car

Arthur Westland told the Sheriff's Office Monday that

during the night thieves entered his unlocked sport car and broke the inside lights out and made off with the right hand door. The car was parked in the drive way at the rear of his home at 4133 Lois Street, Vista La Mesa.

Loses Gas And License

Gasoline and 1963 license plates were stolen from the auto belonging to Kenneth Jordan, Sweetwater Lodge, Spring Valley, he told sheriff's deputies. He said that neighbors likewise have been complaining that gas has been taken from their cars during the past several weeks.

'15 Shots And 40 Beers' Lands Man In Tolls of Law

George Lee Clingempeel, of 3158 Massachusetts, Lemon Grove, was arrested Friday after Sheriff's Deputy B. DePriest, came upon him at Lemon and Buena Vista sts. in an intoxicated condition.

While undergoing questioning, John Little, a resident of Elwood Trailer Court came over to complain that Clingempeel allegedly had been attempting to steal three butane tanks.

Clingempeel reportedly admitted ownership of a crescent wrench later found with the

three removed tanks. The tanks were valued at \$67.50.

The sheriff's report showed that Clingempeel stated that he had drunk "15 shots and 40 beers" prior to the incident. He is an unemployed tile-layer.

Beer Gets 5 Youth In Jam

The Sheriff's office requested that five local youths, allegedly involved in breaking into and entering two railroad box cars and a warehouse in quest of beer, be turned over to the County Probation Department.

The five: Richard Mark Hodges, 16; Richard F. Erickson, 17; Richard Alvin Jacobsmeier, 16; Michael Allain Gosselin, 16, and Michael Lawrence Bried, 16.

They allegedly admit using a set of bolt cutters to enter the Moreau Beer Distributing Co., warehouse in Spring Valley; a box car in Encanto and one in El Cajon. The warehouse and Encanto boxcar contained no beer but they located a keg in the boxcar on the El Cajon siding. It was assigned to the Crest Beverage Co.

The youths said they took the keg, drank some; gave some to friends, poured some on the ground and hid the keg in a remote area of Spring Valley. When sheriff's men went to the location, the keg was gone.

Tools Taken From Garage

A socket wrench set and compression gauge all valued at \$25 were taken from the garage of Thomas Hoffer, 8145 Palm st., L.G. Thursday night. He gave the name of a suspect to the sheriff's department.

Man Charged With Entering

A man registered as Gerald Stafford, an unemployed operating engineer of 3915 Willowside, S.V. was arrested by sheriff's deputies March 20.

Traced through license numbers, he allegedly took items valued at \$16 from the nearly completed house of Emil Caldwell's.

The house is being built on Harness st.

Hub Caps And Bikes Taken

\$55 worth of hub caps (4) were reported removed from Everett Shain's car while he was bowling one night last week.

A bike snatcher took the vehicle belonging to Mike Breca from his garage at 1422 Glencoe dr., L.G. Wednesday. Of five bikes stored in the garage the thief took the most valuable one. It was valued at \$40.

Mike Dickson's bike was stolen after he parked it in front of a hobby shop. Deputies have the name of a suspect.

The locked bike belonging to Mrs. Ray Nelson's son was stolen in front of their apartment at 7465 Pacific. The bike was recently returned by the sheriff's office after it was previously stolen a few weeks before.

Sales Event Designed To Attract Throngs To L.G. Business District

Lemon Grove business firms are crazy to serve you.

So crazy, in fact, that they gave the name of this month's promotion "April Fool Crazy Daze."

Crazy Daze will be Friday, Saturday and Monday, April Fool's Day all over Lemon Grove.

In keeping with the promotion, local business people are offering some of the gosh-dangest, unheard-of-before special attractions the town has ever seen.

They have thought up the craziest type of offerings... every one of them designed to save you money when you come to Lemon Grove to shop. To prove their promotion is the craziest, most of the people in stores and offices will be wearing genuine, home-made Napoleon hats.

The hats were designed by Frosty Foster of the L. G. chamber of commerce but they were made by the art class of the L. G. Junior High School.

Both the Mt. Miguel band and the L. G. Junior High band will provide music up and down the business streets Friday and Saturday from a huge flat-bed truck.

Some of the office type businesses are serving free coffee during Crazy Daze (see ads for whom) and one enterprising restaurateur is rolling a coffee urn out to the sidewalks and serving coffee free those days.

No matter what the Crazy is, it'll be fun and money-saving for the home-maker.

Hats, A Labor Of Art???

When you see Lemon Grove business people wearing those Napoleonic hats, don't think the wearers are crazy... they're only loco.

Being loco is the explanation for so many of the crazy offerings being presented to local shoppers over the weekend.

The hats which make the wearers look like Napoleon to some degree were designed and manufactured right here in Lemon Grove.

Frosty Foster, chamber manager supplied the blue print and youngsters at the Lemon Grove Junior High School executed the work.

While some who are wearing the hats think it would have been better if the chamber manager had been executed, they point out such a suggestion is good, clean and bloody fun.

In any event, the wearers want your patronage. Give it to them!

Here's How 'Crazy Daze' Was Born

Lemon Grove April Fool's Crazy Daze, this week's community promotion was born in the dark recesses of the L.G. Men's Club a few weeks ago. Everyone thought the community should have a promotion. Few volunteered to do the work.

While many took part, it should be noted that Lew Brodillard of local hardware fame, Don Johns, Goodrich store manager, Jack Cummings, head

STUDENTS FROM LG-SV MAKE SDSC DEAN'S LIST

Students from Lemon Grove and Spring Valley are included in the San Diego State

Dean's List for the fall semester, released this week by Dr. Herbert C. Peiffer Jr., dean of students.

The total college Deans' List included 502 names with 64 receiving an all "A" average.

To be eligible for the Deans' List, Peiffer explained, a student must carry 12 or more units of college work and maintain a grade point average of 3.5 or higher. He said an all "A" average is figured at 4.0; an all "B" average, at 3.0. (Asterisks before student's name indicate he received a 4.0. Sr. is senior; Jr. is junior; So. is sophomore and Fr. is freshman).

STANDING IN THE LATE afternoon Lemon Grove sun in the yard of their new home at 8337 Mt. Vernon st., L.G., Mr. and Mrs. Robert Burns pose before their red "Michigan barn" that has attracted a lot of attention. The barn is a garage and is part of the "dream home" layout that the Burns have been planning for years.

The Burns's Have A Big Red Barn With Their New Home

An old-fashioned "Michigan barn" now adds a bright red look to the Lemon Grove scene.

It is located in the backyard of the new Mt. Vernon st. home belonging to Mr. and Mrs. Robert Burns and is serving as a spacious garage although the exterior is authentic down to a weather vane on the front part of the roof.

The Burns's, who run Lemon Grove Veterinary hospital came here from Michigan eight years ago. Until Jan. 23 they lived at 1925 Englewood dr. and during the past few years they have been planning their "dream home." They designed it in such a way that it suits the Burns family more than any other place possibly could. For example, the barn is a replica of the one that stood on the farm of Mr. Burns' grandfather. One reason for the barn is that the

Burns' children were complete-

ly sold on the idea of having one and wouldn't let up on it. Terence, 16, who attends St. Augustine High School and Sheila, 12, Patrick, 9, and Dennis, 8, who go to St. John of the Cross parish school now can show off the structure to their friends as well as make use of the "hayloft" part as a painting studio and hobby headquarters. Erin, 1, their little brother will also enjoy the barn someday.

Actually the barn is probably no more unique than the 2,400-square foot home that shows the Burns' touch throughout. The frontdoor is elaborate for one thing and when the visitor goes through it, he finds himself confronted by another unique feature—a small foyer with an exquisite chandelier and an eye-catching mosaic "coat-of-arms" made into the floor. Words in this mosaic are in Gaelic-Irish and say: "Blessings of God Be Upon Us." There are also other symbols in the mosaic that pertain to each member of the family.

Dr. Burns made a study of ancient symbols and meanings to design the coat-of-arms. He said it dates back hundreds of years into the history of the Burns' family in Ireland where each family had its own coat-of-arms.

The foyer has a side door leading into an under-emphasized front room and the main door goes into the main part of the house. The home contains four bedrooms and two baths on the right. The hallway also takes one to a kitchen on the left that is separated only by a breakfast bar from what the Burns' happily term "the family room," a spacious area that takes up the remainder of the room on the east side of the house and is extensively windowed on two sides. The family area is so big that it held 60 people with room to spare when the Burns' held their housewarming. Eyecatchers here are an old fire bell and muskets over a big fireplace at the back, an ivory-colored upright piano at the other end and natural cherry paneling.

At the street end of the Burns' long driveway is a mailbox that is the barn in miniature. Anyone going by 8337 Mt. Vernon st. is probably first attracted by this. Then the eye moves upward and sees the big red barn.

GEHRES CHARGES VAN DEERLIN VOTES AGAINST JOBS HERE

Leslie Gehres, Republican County Chairman, characterized Van Deerlin's vote against the RS-70 bomber program as contrary to his campaign promises and contrary to the interests of San Diego workers.

On March 13, House Resolution No. 2440 came to the House of Representatives for passage, Gehres said. The first vote was on an amendment to add \$363,700,000 for research, development and test of the RS-70. This is the most advanced plane yet conceived and was destined to eventually replace the B-70 strategic bomber. The Air Force, the Joint Chiefs and the Congress have pressed the administration to move ahead with the RS-70 program as vitally necessary to maintain our Strategic Air Force in its pre-eminent position as a war-deterrent and guardian of our national security.

But the Pentagon's civilian whizkids and their computers have determined that manned strategic bombers have been outmoded by unthinking intercontinental missiles which, once launched, cannot be recalled, and the war-operation accuracy of which has never really been determined.

The amendment passed but Van Deerlin voted "no" on it, Gehres said.

Ed's note:
We asked Congressman Van Deerlin why he balked at the RS-70 program. He wrote:

Dear Editor:
I have been challenged to explain why I sided with Defense Secretary Robert S. McNamara in regard to the RS-70 research and development program. My critics include the Republican Party chairman in San Diego, Admiral Leslie Gehres.

Contrary to the Gehres statement of Friday, Mr. McNamara has not "decided that manned strategic bombers are outmoded." The record military authorization approved by Congress last week assumes continuation for five to 10 years of the B-52, the B-47 and B-58. Although the long-range bomber may be less effective as a missile delivery system, we shall continue to utilize bombers and fighter-bombers for both tactical and strategic missions.

The RS-70, now being developed as a reconnaissance plane with missile-launching capabilities, grew out of the B-70 bomber program. Three of the craft have been funded. They are in various stages of development—all behind schedule, and running 20 million dollars a month beyond estimates. None has been flown. The electronic computer system is not yet devised to utilize the RS-70 as a missile-launcher.

Last week's House vote was not to abandon the research program. It was on an amendment to authorize 363 million dollars to start two more of the unproved craft. Similar funds voted by the last Congress went unspent—and every member knows that Mr. McNamara and the President will not spend new appropriations, if voted. Therefore the question of jobs at Rohr or other aerospace plants becomes an empty one. I am sorry if Mr. Gehres and certain newspaper accounts have raised false hopes in our community.

I was not sent here to raid the Treasury. I shall continue the search for ways to stimulate employment in San Diego County. And I will try always to act in the national interest too.
